MaxiPAC stands for:

Maximising Previously Acquired Competences

MaxiPAC supports higher educated non-native speakers in the valorization of previously followed courses, obtained diplomas, and work experience to obtain exemptions via an university of applied sciences or university and then through a shortened program to obtain a Flemish diploma.

MaxiPAC operates throughout Flanders.

For whom?

- Do you have a foreign higher education diploma?
- Would you benefit from a Flemish diploma?
- Do you sufficiently master Dutch (or English) to study in higher education?
- Do you have the time, energy, and resources to invest in a procedure and in studies?

Yes? Then MaxiPAC is something for you! Do not hesitate to contact us.
